PRICE 2 CENTS

Words of Praise

For the several ingredients of which Dr. Pierce's medicine is composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE DRUGGIST OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disordered bowels, catarrh, pelvic drain, dragging down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or the derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment secured. Dr. Pierce's Favorite Prescription is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription." It will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by persistence in its use for a reasonable length of time.

You can't afford to accept a second-rate medicine as a substitute for this remedy of a first-class composition.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

FURIOUS RIOTING.

Yesterday was a day of furious rioting at the mills of the Pressed Steel Car Company at McKees Rocks, six miles below Pittsburgh, Pa. At least 10 persons were injured in gun battles, by thrown stones, rocks, or clubs, and at midnight 1,000 angry strikers were grouped around the works, each with a half brick or a gun.

More bloodshed is expected as the company declares it will make another attempt to start its works.

In addition to a battle at noon and one at 6 p. m., in each of which about 50 people were injured, there was a battle on the Ohio river last night, the extent of which is not known. The steamer Steel Queen was fired on by the strikers as the boat was trying to lead strike-breakers in the mills by way of the water gates leading from the Ohio river.

The strikebreakers and the boat's crew returned the fire. There were more than 100 shots exchanged before the Steel Queen turned and ran for the farther shore of the Ohio river. Here the men were disembarked. It is not known how many of the passengers were injured, as the place where they landed is isolated and the men soon disappeared. It is known that some of the strikers were hit by bullets from the Steel Queen.

This incident bids fair to become important, as the Pressed Steel Car Company announces that it will file complaint with the War Department at Washington that they were fired upon while upon the waters of the United States.

This, they assert, may constitute an act of piracy and they have hopes that the government will deal with the strikers. The strike originated among the river-ers of the big plant. The men were forced to work in pools. They were arranged in groups and given numbers. They had no fixed wage, but at the end of every two weeks a certain sum was set aside for each group. According to this system skilled workmen labored from 7 a. m. until 5:30 p. m., six days a week, at a rate frequently less than \$1 per day. Meetings were held and a petition was drawn up and presented to the company, but without result. Then the men in the various departments became interested, and although there is no union at the plant, practically all formed a mutual agreement to strike. When word calling for the walkout was spread, half the 3,800 men stopped work simultaneously.

National President Thomas L. Lewis, of the United Mine Workers, yesterday dropped a bomb into the Pittsburgh district by ordering 18,000 miners of the Pittsburgh Coal Company to remain at work instead of going out on a strike this morning, as ordered by President Francis Feehan, of the miners of the Pittsburgh district.

This taking of authority out of the hands of the local officials of the miners' union is expected either to disrupt the union or speedily force the resignation of President Feehan, to whom President Lewis has always been violently opposed.

MYSTERIOUS DEATH.

Extreme fright seems to have been the cause of the death of Miss Mamie Davey, of Chicago, whose dead body was found floating face downward near a rowboat anchored in the middle of Klinger Lake, Monday night. As to Claude Hunt, the young farmer who took Miss Davey for a row in the small boat, no trace of him has been found. The lake has been thoroughly dragged for his body without success. A search along the shore all day failed to disclose any marks to indicate that the missing man had made his way to land.

Physicians made an examination of the body of the young woman and found no water in the lungs. The medical men gave it as their opinion that the cause of death was probably fright.

The boat was right side up when discovered and contained no evidence of a struggle of any kind, and there were no marks of foul play on the body of the young woman.

Hunt was 23 years old and Miss Davey was a year younger. They had met for the first time Monday afternoon.

[COMMUNICATED.]

THIRTEEN OUNCE POUND.

Since the rendering of the decision by Justice H. B. Cato a day or two ago on the bread question the size of a loaf of bread has been reduced; and the weight of same is only 13 ounces now. It is peculiarly strange that there are many laws declared null and void, but every time such law is held invalid the consumer gets the worst of it. Why a baker should not give as much bread for a pound as a butcher does meat, passes all comprehension. All that is necessary in these times to "hoodwink" the consumer is an inkling of law, justifying the robbery. In the language of that would-be "leader of sinners to repentance," the people will "wake up" some day and relegate to obscurity those who ride rough shod over their rights and will refuse to endorse anyone who would foster such officials and who would vote for their retention in office.

DO YOU KNOW? ROSEMONT HAS

An avenue more beautiful than any suburb of Washington. With a double roadway and ten feet of parking along its entire length. Six feet more of parking adjoining fine granolithic sidewalks on both sides.

Lots with fine, high terraced fronts above the sidewalks on each side. And other lots with an elevation only 30 feet below the surface of the city reservoir.

These are only a few of the facts about beautiful ROSEMONT, but if you will let me show you over the property, I will tell you of its many other attractions and advantages to home builders and investors. The lots on this beautiful avenue are rapidly being taken up, and any one of those left will be worth more than present prices in a very short time.
